

ADDENDUM #2

RGA-2022-BDAS-04-TOBAC Tobacco Use Prevention Programs for Youth

On June 23, 2021, the New Hampshire Department of Health and Human Services published a Request for Grant Applications soliciting applications from community-based programs that are designed for youth to develop and implement youth-led and youth-powered tobacco use prevention strategies in order to prevent and reduce youth access to and use of tobacco products.

The Department is publishing this addendum to:

Delete Section 1, Request for Services, Subsection 1.7, Schedule of Events, Paragraph 1.7.1, Licenses, Certificates and Permits.
